

The History of Our Logo

The Yiddish word is *dreidel* the Hebrew word is *sevivon*. It is actually a spinning top. This top has a lot of significance in the Jewish culture. It was used as a mean of studying during the time that Israel was in captivity by the Greek Syrians. While in captivity the Jewish people were

forbidden to study Torah (the law). This was done in hope of breaking the spirit of the people, since the study of Torah is the highest form of worship for the Jewish people. During this time the temple was

destroyed, and many of the religious observance such as circumcision and the keeping of Shabbat (holy) days were outlawed. The Jewish people were very resilient; they took the study of Torah underground and began to use different means of conveying the truth of Torah. The dreidel was a perfect cover up. While out in the fields they would use the toy to tell the truth of Torah. The Hebrew letters are word pictures that allowed the truth of Torah to continue among the captive people. The letters represented on the dreidel above are the *Shin, Hey, Gimel, and Nun*, in Israel these letters mean "A great miracle happen here!" There are dreidels that were made in commemoration of the rebuilding of the temple. This symbol is used by Rebirth because we believe that through being persistent we can be instrumental in rebuilding the educational structure needed to assist in better educating students. Furthermore we believe that our persistent will yield us the opportunity to say "A great miracle happen here!"
